

The NITRO Slot Cabinet Series

- Dual or Single HD Monitor Models
- Premium Sound System
- Sleek, Ergonomic Design

NITRO DS

NITRO EX

NITRO XL

Immerse your patrons in an exceptional gaming environment via the NITRO slot cabinet line from Elite Gaming Technology.

Excellent graphics, premium sound and programmable edge lighting combine with a sophisticated, sleek design for the definitive gaming experience.

Three distinct NITRO versions will meet the demands of your gaming floor:

- **NITRO DS** - Dual 21.5" or 22" widescreen LCDs
- **NITRO EX** - Deeper DS version (+ 2.75") for LCD display or stepper motor-based mechanical reels
- **NITRO XL** - Single 32", portrait-configured LCD cabinet with a special crown for backlit art

Customize cabinet features to your own specifications and get your players' pulses racing with the NITRO Series.
